

In an Instant it shook  
Everything began to sway  
20 seconds it took  
To reduce it to clay

Building collapsed  
People are missing  
hope they're not trapped  
We are listening

Rescue crews  
What could this mean  
In search of good news  
In a horrible scene

A world on edge  
All waiting to hear  
Want to acknowledge  
loved ones so dear

Pescara del Tronto  
We won't be long  
We want you to know  
Have faith and be strong

And Accumoli  
A beautiful town  
Built on unity  
We won't let you down

Last but not least  
Amatrice adorn  
Like Hydra the beast  
A new city will be born

Our thoughts and prayers  
With you they are  
From everyone who cares  
Both near and far

Through all your troubles  
And this terrible strife  
Out of the rubble  
Will grow new life
